June's Environmental Theme: CARING FOR THE ENVIRONMENT: ENVIRONMENTAL STEWARDSHIP

Caring about the environment is all about “doing”. So get out there and start doing all the things you've learned about this year. It's time for all of us to start Living Green 365 days a year and make a commitment to environmental stewardship, so we can keep our Earth healthy!

Caring about our planet means being educated about our planet. Learn as much as you can. Earth needs smart people to take care of it! Be curious, ask questions, gather knowledge and find solutions. You need to understand what the problems are in order to fix them.

Every one of us is important when it comes to caring for the Earth and protecting it for the future. An advocate is someone who publically speaks or writes or does actions to support an important cause. What kind of “Earth Advocate” are you? Choose from the following list:

- A) **Activist:** I want to help others to change their habits to help the Earth. I want to host an event or make a website that encourages others to Live Green. I want to write letters to our government to ask them to make positive changes.
- B) **Motivator:** I will help others change their habits by being a role model that others can follow. People will see me living green and making a difference and be motivated to do the same.
- C) **Educator:** I will research environmental issues and tell other people what I learn. I will be curious and ask questions and gather knowledge and find solutions to environmental problems that I will share with others.

So decide what kind of “Earth Advocate” you are. You can be more than one type!

Slogan of the month: Live Green 365 days a year!
