Questions? Please contact Customer Service at 866-457-8212.

Student safety is one of our top priorities at Lifetouch. Outlined below are some of the changes and protocols we've instituted to ensure that Picture Day is as safe as ever. For more detailed information please visit www.lifetouch.ca

Our new protocols include:

Enhanced staff screening - All staff are required to complete an assessment - including temperature check - before reporting for work that day.

Masks - All staff are required to wear three layer medical masks at all times while on school property whether inside or outside. Additionally, all staff are required to wear a mask whenever they are in the presence of another staff member or on company property.

Social Distancing - Staff will maintain a minimum of six feet of distance from others. That includes students, staff at the school as well as Lifetouch staff. Our staff members will not share equipment or otherwise congregate in places where distancing can not be maintained.

Additionally, we will ensure that social distancing can be maintained in the photography area while students are having their pictures taken.

Some changes to consider when preparing for Picture Day

Physical reminder flyers will not be sent out. Please monitor communication from the school for the most updated info about Picture Day.

Please make use of our my.lifetouch.ca platform to place all orders. You may pre-pay for your order, or wait until after picture day to view a digital proof image first.

Your picture day ID for the website is: QX010401Q0

Students will be asked to remove their mask for the photo once they are safely distanced from others and ready to be photographed. Students who wish to keep their masks on may do so, however it is best if they can be provided with a note from home (especially for the little ones) advising their teacher and the photographer of this - to avoid any potential confusion.

Students who do not wish to participate in Picture Day at all may also opt out by letting their teachers know.

Please visit www.lifetouch.ca for additional detailed information about our COVID-19 safety and cleaning protocols.

Thank you!
