Allergies

School and school-related activities are nut-free environments.

No peanuts, tree nuts, nut spreads (including spreads resembling nut butter, i.e. WOW butter).

Teachers will inform you of any other allergies within the class that you need to be aware of.

Electronics

It is strongly suggested that parents/students make a cooperative decision about their child(ren) bringing items of value to school. These items are attractive and the school will not accept responsibility for their safety.

Volunteer Opportunities

Volunteers are greatly appreciated and help enrich our students' learning environment.

Volunteers must fill out a volunteer form and complete a free online vulnerable sector police check every school year. Information regarding the vulnerable sector police check is available in the school office.

Volunteer information sheets are also available for parents, guardians and community members to highlight their skills and talents. Teachers may access this information if they are looking for a specific skill, knowledge base or talent to enrich their learning environment.

Potential Parent Volunteer Opportunities

- School Council
- Fundraising/ School Ground Greening/ Parent Outreach Committee
- Before-school Kindergarten yard supervisor (8:00 a.m. - 8:20 a.m.)
- Field trip supervisors
- Classroom visitors (career days, etc.) **Potential student involvement opportunities**
- Numerous sports teams and clubs, Bus Patroller, Milk distributor, choir, band etc.

School Council

The purpose of the School Council is, “through the active participation of parents, to improve pupil achievement and to enhance the accountability of the education system to parents.”

School councils meet approximately once a month and are responsible for:

- Sharing information and seeking input on matters the School Council is discussing.
- Providing advice to the principal and school board on issues such as school year calendars, strategies to improve school performance, codes of conduct and dress, curriculum priorities, safe arrival programs, community use of schools and community programs provided at the school, selection criteria for principals and board policies that will affect the school.
- Many school councils are also actively involved in organizing social events for the school community and fundraising events

Council meetings are open to everyone in the community, so you do not have to be a member to attend. It is a great way to keep up with what is happening in the school. You can also contact the School Council if you have questions about how to get involved at the school or if you are looking for information from a parent perspective.

The Ministry of Education has developed a guide to assist school councils with their work.

We hope to see you at the school!!
