

We had a light turn out for the meeting tonight (November 10th 2021) but we did discuss a few things

1 - School Staff Christmas gifts

- we usually get gifts for the principal, VP, Secretary and custodian
 - given we don't know what our fundraising looks like and we know there will be a significant bill for the playground repair we'd like to ask the school if we could do a snack day for all the teachers
 - we've done these in the past and each of us makes something and delivers it to the school - with current rules we'd have to gather them so 1 person could take them in - this way all the teachers get something and we save ourselves a bit of money
- Any thoughts?

2- Fundraising

Arthur Second Look

- a letter was delivered this week and there is a donation coming - amount TBD

True Earth

- this runs like Mabel's Labels - no expiry so if you order now or in 2yrs the school still gets a percentage
- Please share this link....it's a minimal effort fundraiser just waiting for the link will email it out when I get it!

Elmira & Harriston Meat fundraiser

- Forms out in March
- Delivery in April
- We will hold this one off site as we can't sort meat in the school
- Pick up location TBD, we will discuss at the January meeting and determine if we can find a location or if we want to partner with a service group

Bath Bomb crumble

- we're going to run this one ASAP and have delivery in time for Christmas
- its a local business in Arthur looking to get their name out there
- CANDICE ADD DETAILS
- The company is called MindScents and is based out of Arthur. They are newish and are trying to get their name out there so they are VERY excited to be working with us! They offer wax melts, bath bombs and crumble and warmers for the wax melts. We would be doing the bath crumble. They normally charge \$12 a bag but for the fundraiser they will be charging \$15 and we would be making the \$3 profit. This company is registered with Health Canada. We would start it the earliest we can next week and end on Nov 26. and have pick up on Dec 15th. We are allowed to hold an outside pick up.

Spring fundraisers

- we've looked into a few other fundraisers and we'll see what the rules are come spring - something around mothers day or fathers day
- Maple Syrup
- Jess For You Baked Goods
- possibly a sign night or mat night at the pavilion....if rules allow we might get a good turn out since no one has done it in 2-3yrs

3 - Future meeting dates

- Jan 19 @ 6:30 - virtual meeting
- June 15 @ 6:30 - virtual meeting at this point

We will have some meetings in between but we need to hold 4 meetings/yr so this will meet that requirement
