

Pathways

COLLEGE HEIGHTS S.S.
371 College Ave. West
Guelph, ON N1G 1T3

WELCOME TO COLLEGE HEIGHTS SECONDARY SCHOOL

We are proud to have served for over 50 years in the city of Guelph, providing excellent hands-on learning for students interested in pursuing college, apprenticeships or the trades.

As you work through this book and make use of My Blueprint you will see our programs are organized around pathways. Each pathway will develop the necessary knowledge, skills and attitudes for post-secondary success. Further, our school offers students a unique look at their strengths in the areas of employability and specific learning skills. We always encourage students and families to make use of our guidance staff and resource teachers in selecting courses and planning appropriate pathways.

This calendar is designed to assist in the process of planning for your future courses here at College Heights. To begin, pick the pathway that most interests you. If you change your mind later, relax, as transitions between pathways can be done relatively easily. Our expert guidance and resource staff can work with you to plan and re-plan your high school adventure and answer your school and career needs.

In addition to Pathways Planning, we also offer the largest selection of Specialist High Skill Major programs. We offer red seal diplomas in: Green Industries, Construction, Hospitality and Tourism, Manufacturing (welding and machine shop), Health and Wellness, Agriculture, Automotive (mechanics and auto body) and finally Arts and Culture. These specialized programs offer students additional access to certifications and experiences that will put them ahead of other high school graduates in trades programs and makes for excellent workplace preparation.

High school is an exciting time. In addition to the programs and pathways described we offer a wealth of extra-curricular programs and teams to enhance the high school experience. We can't wait to see you and work with you over the next few years. Come out and join the Huskies!

Remember our School Motto: Education that Works!!

Career Pathways

Our School to Career Program comprises four experiential programs that promote learning through experience and observation. The Ontario curriculum of the Creating Pathways to Success Program for career development allows for a broad range of opportunities.

Choosing a program based on their skills and ambitions, students can practice a career both within and outside of the classroom with full assistance and support, easing the transition as they move on to post-secondary education, whether in an apprenticeship, college or university.

Cooperative Education Programs

What is it?

The Co-operative Education Program allows grade 11 and 12 students to earn secondary school credits while completing a work placement. Co-op students can try out an occupation or different occupations in an actual work environment before deciding which career path is right for them. Consisting of a co-op course, a related curriculum course in any subject and a work placement, the program is monitored by a co-operative education teacher.

Why participate in co-op?

- Earn credits through workplace experience
- Match your classroom learning to a career
- Explore career options before making a firm decision
- Develop the essential skills and habits required in the workplace
- Obtain knowledge to use on a resume for postsecondary programs and future employment.

More information can be found at: <http://www.ugdsb.on.ca/coop/>

Dual Credit Program

What is it?

Dual Credits are college courses that count on both your secondary school diploma as well as a college program. We offer Dual Credit courses in the apprenticeship and college pathways at Conestoga, Georgian and Humber Colleges. Dual Credit students are supported by secondary school teachers in their transition to college.

Why participate in the Dual Credit Program?

- Become familiar with college culture and expectations to make a successful transition after secondary school graduation
- Clarify a career interest; discover a pathway beyond secondary school
- Get a head start on learning and training for their future careers.
- See the connection between secondary school and your post secondary goal
- Get excited about the next steps towards a challenging career!

Contact the College Heights Co-op Department for more information or visit <http://www.ugdsb.on.ca/dualcredit/>

Ontario Youth Apprenticeship Program

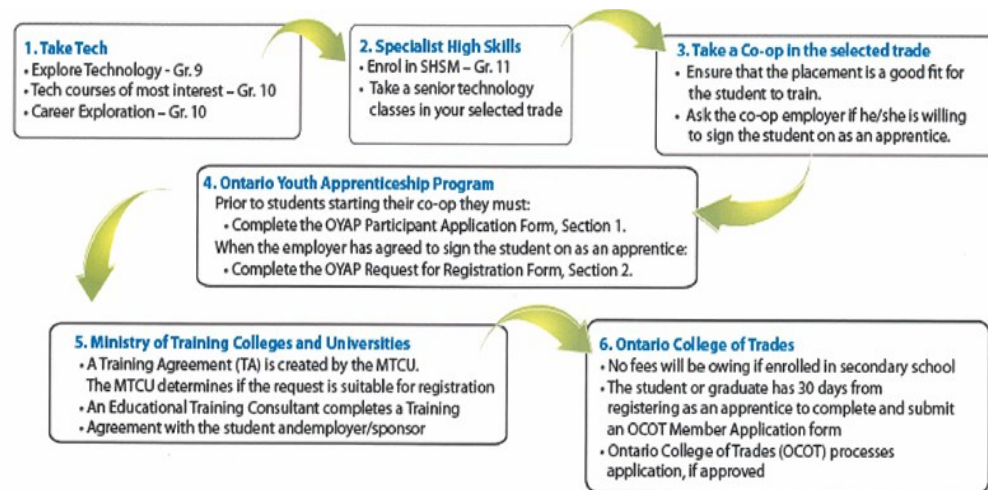

What is it?

OYAP is a School to Work program that opens the door for students to explore and work in apprenticeship occupations starting in Grade 11 or Grade 12 through the Cooperative Education program. Students have an opportunity to become registered apprentices and work towards becoming certified journeypersons in a skilled trade while completing their secondary school diplomas.

Why participate in OYAP?

- It is an opportunity to start training in a skilled trade while completing the requirements for an Ontario Secondary School Diploma;
- Gain information on the apprenticeship process
- Employers can connect with motivated and enthusiastic candidates to fill their employment needs.

More information can be found at: <http://www.ugdsb.on.ca/oyap/>

Specialist High Skills Major

What is it?

The Specialist High Skills Major (SHSM) is a ministry-approved specialized program that allows grade 11 and 12 students to focus their learning on a specific economic sector while meeting the requirements for the Ontario Secondary School Diploma (OSSD) and assists in their transition from secondary school to apprenticeship training, college, university, or the workplace.

Why participate in SHSM?

- An SHSM allows students to experience a range of customized learning opportunities in an area that interests them, and helps to engage them in their school program.
- An SHSM program gives students the opportunity to explore, identify, and refine career goals and make informed decisions related to post-secondary education or training and next steps towards a career.
- An SHSM helps students gain confidence in their ability to succeed, and see the connections between their studies, the world beyond high school, and their future careers.

Contact the College Heights SHSM Lead, Caryl Durst for more information or visit <http://www.ugdsb.on.ca/shsm/>
