Helping Students Make Career Decisions

Should my child go to university, college, start an apprenticeship or go into the workforce first after high school? What jobs will be in demand? You don't have to be an expert to help your child with career decision-making. Facilitated by specialists from Georgian College's Career and Employment Community Services, this practical workshop provides parents with information and resources to support their children with career decision-making.

Tuesday, May 9, from 7:00 to 9:00 PM

Orangeville District Secondary School, 22 Faulkner Street

Paying for Post-Secondary

This session is designed to give parents, caregivers, teachers and high school students the information and resources they need to not let money prevent someone from pursuing a post-secondary education. Facilitated by specialists from Georgian College's Career and Employment Community Services. Free tuition grants go unclaimed each year. This workshop provides an overview of the many options for financial assistance, bursaries, and grants, including how to access them. An opportunity for questions and answers will also be provided.

Monday, May 15, from 7:00 to 9:00 PM

Westside Secondary School, 300 Alder Street

Dollar\$ and Sense: Help Your Child Learn Money Management

All workshop participants will receive a copy of *Money and Youth*, a guide to financial literacy.
