There are new and exciting ways for students to take learning beyond the traditional classroom. The Student Success Strategy gives students more ways to accumulate credits to graduate, while improving the quality of a high school education. At the heart of the Student Success initiative are many innovative and new programs that allow students to customize their high school experience around learning that's relevant to them. You will be enrolling in the Dual Credit Program at Conestoga, Georgian, or Humber College. School College Work Initiative (SCWI) needs to tell parents, students, teachers, employers and other partners about these programs so that they can encourage students who don't know about these programs to find their own best high school experience. It would be helpful to use your success story and photograph to help communicate this information using some of the tools listed below. This form is asking for your permission to do just that.
