

Makerspace Choice Board

Make something you can use to fool someone with.
Example: A fake candy bar

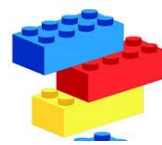

Spring Time

Make a tree that can stand on its own.

Lego Challenge

Design and build a lego car that can carry a can down a ramp.

Use recycled materials to create an Earth Day sculpture.

Birds are Hungry!

Use materials at home to make a bird feeder you could hang in a tree.

Animal Bonanza!

Make a habitat for an animal you might see at the Zoo.

No Housework!

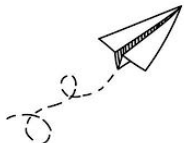

Make a tool to make housework or chores easier.

Decorative Eggs

Decorate hard boiled eggs with creative designs.

Paper Airplane

Design and create a paper airplane and record 10 flight

attempts. What is the longest distance your plane could travel?

Chalk Mosaic

Use tape to mark out a

design on the sidewalk. Use chalk to colour in each section and peel the tape away. What shapes and designs do you see?

Paper Boat

Using one piece of paper, can you create a boat that will float? How many pieces of lego can it hold before sinking?

Maker's Choice

Using any recycled materials

at home, design and create your own maker project to share!
