

Bus Operations and the Use of the Parking Lot at Eramosa Public School

For the safety of our students and staff, it is very important that we all follow these instructions when visiting the school:

- Drivers must park in a marked parking spot
- Parking is available along the edge of the parking lot – shown in blue and green in the map below
- Drivers cannot park in the middle of the parking lot. This area must be kept clear for school buses
 - School bus drivers use this area to reverse into their parking area
- Pedestrians must walk around the parking lot to get to their vehicles. Do not cross the middle of the lot, as drivers might not see you.
