HOME ESCAPE PLANNING

It is **vital** that you know what to do when the smoke alarms sound in an emergency:

- Sit down with everyone in your home and discuss how each person will get out in a fire.
- **GET OUT & STAY OUT!** When the smoke alarms sound, get out immediately and call 9-1-1 from outside. Never re-enter a burning building.

Despite their best efforts, the fire department may not arrive quickly enough to save you from a fire. **You need to be outside when the firefighters arrive.**

For more information, contact your local fire department.
