PROUD OF OUR PAST - CONFIDENT IN OUR FUTURE

April 4, 2021

Dear GCVI Families,

Public Health has notified us that an individual in our school has tested positive for COVID-19. As a result, Public Health has directed 2 classes to self-isolate, as part of its established infection prevention and control measures.

If you have questions, please visit the “For Schools” section of the WDGPH website: [WDGPH Website](#).

Our building is safe and remains open to staff and students. Custodial staff have completed a thorough cleaning and disinfecting of the school, as part of our enhanced cleaning protocol.

We will continue to work closely with Public Health and take their direction as they complete their investigation. Where Public Health determines there was a transmission risk to others in the school, they will perform a risk assessment for any contacts. All students and staff determined to be at high risk of exposure will be directed to isolate and recommended to be tested within their isolation period.

So you are aware, the school board is required to post information about positive cases in a school setting on the board website. You can find that link here: <https://www.ugdsb.ca/community/coronavirus/reopening-schools-plan/covid-19-advisory-reporting/>. The identity of the individual is protected by privacy legislation and will not be shared.

Sincerely,

Bob Scott  
Principal
