IMPLEMENTATION OF THE SCHOOL'S CODE OF CONDUCT

Safe Schools Policy 503 (Student Discipline, Bullying Prevention and Intervention, Suspension and Expulsion) provides direction to the school Code of Conduct in order to support and maintain a positive school climate for all students, staff, and community. The school Code of Conduct supports the use of positive practices, including prevention and early intervention, as well as consequences for inappropriate behaviour. This includes Progressive Discipline, and suspension and expulsion where necessary. Before applying disciplinary measures, the discriminatory and disproportionate impacts of disciplinary decisions on students protected by the Human Rights Code shall be considered.

PROGRESSIVE DISCIPLINE:

Progressive Discipline is a whole school approach that makes use of a continuum of prevention programs, interventions, supports, and consequences to promote positive behaviours. In developing a Progressive Discipline approach, preventative practices, corrective and supportive strategies are used to reinforce positive behaviours. These approaches build skills for healthy relationships and promote positive behaviours.

CONSEQUENCES:

The school will use a range of interventions, supports and consequences that include learning opportunities for reinforcing positive behaviour while helping students to make good choices. In addressing inappropriate behaviour by students, schools will:

- utilize appropriate and consistent action to address inappropriate behaviours within the practice of Progressive Discipline
- ensure the degree of disciplinary action is in proportion to the severity of the behaviour exhibited, and that a student's previous history and other relevant factors are taken into account
- provide students with experience using conflict resolution, anger management and communication skills
- document incidents requiring disciplinary measures
- consider mitigating factors
- make contact with parents and guardians of students under the age of eighteen, or students over the age of 18 or those 16 or 17 years old who have withdrawn from parental control (adult students), early in the disciplinary process and involve them in a plan to improve the student's behaviour until the behaviour is acceptable; and/or
- utilize consequences such as short-term suspension, and respond as required with long-term suspension or expulsion

The application of consequences, supports and interventions are determined by the incident and the individual students involved. Consequences, supports and interventions used include and are not limited to:

Examples of Consequences:

- verbal reminder
- warning
- review of expectations/rules
- written or verbal apology
- phone call home
- student contract sheet
- restitution

- positive reward system
- Attendance Counsellor support
- Student/teacher parent meeting
- case conference with school staff and/or Board consultants

- Suspension/Expulsion Program

SUSPENSION AND EXPULSION:

To maintain a safe and effective learning environment, suspensions and expulsions may be imposed not only to deter inappropriate behaviour, but also to remove individuals who pose a threat to the safety and well-being of others. The provincial Code of Conduct specifies that for student actions that do not comply with the provincial Standards of Behaviour, suspension and expulsion may be considered. The board's Safe Schools Policy (Policy 503) sets out the process for suspension and expulsion. This policy specifies the student actions that may result in the principal imposing a suspension, as well as the student actions that will result in the principal imposing a suspension and considering an expulsion pending an investigation of the incident.

MITIGATING FACTORS:

The Principal will consider the following mitigating factors when considering the length of a suspension:

- whether the student has the ability to control their behaviour
- whether the student has the ability to understand the foreseeable consequences of their behaviour
- whether the student's continuing presence in the school does or does not create an unacceptable risk to the safety of any other individual at the school

The Principal will also consider the following factors:

- the student's academic, discipline and personal history
- whether other Progressive Discipline has been attempted with the student, and if so, the Progressive Discipline approach(es) that has/have been attempted and any success or failure
- whether the infraction for which the student might be disciplined was related to any harassment of the student because of race, colour, ethnic origin, place of origin, religion, creed, disability, gender or gender identity, sexual orientation, socio-economic status, citizenship, marital status, age, culture or harassment for any other reason
- the impact of the discipline on the student's prospects for further education
- the student's age

INFRACTIONS THAT MAY LEAD TO A SUSPENSION:

Police may be involved, and a suspension may be imposed for one of the following infractions which has occurred on school property, during a school related activity or event, and/or in circumstances where the infraction has an impact on the school climate:

- any activity that contravenes the board's or school's Code of Conduct
- committing physical assault on another person that does not require treatment by a medical practitioner
- habitual neglect of duty
- not having an up-to-date medical/immunization record

INFRACTIONS FOR WHICH A PRINCIPAL SHALL IMPOSE A SUSPENSION, AND MAY CONSIDER RECOMMENDING TO THE BOARD THAT A STUDENT BE EXPELLED:

Police may be involved, and a student will be immediately suspended, an investigation will occur and may lead to a recommendation of expulsion to the board's Student Discipline Committee for one of the following infractions which has occurred on school property, during a school related activity or event, and/or in circumstances where the infraction has an impact on the school climate:

- possessing a weapon, including a firearm

POLICIES AND PROCEDURES:

ATTENDANCE/DISCIPLINE POLICIES:

G.C.V.I. Student Handbook 2023-2024

"It is the expectation of the staff at The Guelph C.V.I. that students will attend classes regularly and punctually."

O.S.S. p. 35, Section 6.4 paragraph 1

- ii) Regular attendance on the part of the student is an important component of the learning process and of the evaluation of student achievement.
- iii) Regular attendance on the part of the student is vital to the process of learning.

Students who habitually miss class will suffer in the evaluation process because their participation and achievement cannot be fully assessed.

Students of compulsory school age who do not attend school regularly may be reported to the school board attendance counselor at the discretion of the Vice-Principal. The reason or excuse for their absence will be determined.

To encourage regular attendance, the Principals and staff should:

- inform the student of the extent to which participation and attendance will be components of the evaluation process
- meet with the student and his/her parents where irregular attendance is jeopardizing the successful completion of the course

(...Where the student is still unwilling to attend regularly, such a student will normally fail to achieve credit for the course. OS:IS pp. 35, 36-7.3)

If the student is under the age of 18 and has been away for 15 consecutive days, they will be referred to an Attendance Counsellor who will begin to send letters at 15, 30, 45 and 60 consecutive days where the student is removed from enrollment on the 60th day as per the legislation

If a student is over the age of 18, and has been away for 15 consecutive days, he/she will be removed from enrollment on the 16th day as per the legislation.

If a student is absent 15 consecutive classes, the subject teacher should inform the Vice-Principal, so that student can be removed from the class or referred to an Attendance Counsellor as per legislation.

REGULATION FOR LATES:

Punctual attendance is an important part of student success. Any student who is late to class will report directly to his/her scheduled class where a late will be recorded. The teacher will work with the student to improve punctuality using strategies from the Toolbox. After three lates, the teacher will determine appropriate consequences and continue to work with the student to improve punctuality. After six lates, the Vice-Principal will be included in the discussion and plan with the student and teacher. Subsequent lates will continue to be dealt with by the teacher, Vice-Principal, student and parents/guardians. Sleeping in or missing the bus are not acceptable reasons for lateness or absences and a note will not excuse the consequences for the lateness or absence. Students will not be marked late after returning to class from Guidance appointments, a Vice-Principal or from appointments with teachers for which an

admit slip is provided.

ABSENCES:

- i) Students who have been absent are to have a parent/guardian call the school attendance line indicating the dates of absence and the specific reason for absence.
- ii) If a student is away for a scheduled assessment or evaluation, the student is to advise the teacher with a phone call from parents or guardian. The student may be asked to complete an assessment on the day of their return to school or an alternate assignment may be administered based on the teacher's discretion. Where a student knows they will be away for an extended period of time, they or the parent/guardian must notify the main office so a Parental Request for Temporary Leave can be printed. The student will have all their subject teachers and their parent/guardian complete and sign the Temporary Leave and then submit it to the main office.
- iii) Where a student has been absent and no prior notice given, the subject teachers will call home to find out the reason for the absence. They will notify other subject teachers of the outcome.

EXTENDED ABSENCES:

If your student(s) are going to be absent for any extended period of time you must inform the office **as soon as possible**. Especially if they are going to be out of the country during that time. Due to safety measures, students are unable to log into their "Classrooms" Email accounts, without obtaining permission from the school. Paperwork must be filled out by the student and parents prior to them leaving the school (at least a month's notice is required unless an emergency) in order for students to be given access to a specific App that will allow them to continue their studies online. It is up to the student to notify their teacher of their absence and to keep up with their work while away. Paperwork for extended absences can be found in the main office.

SKIPPING:

Skipping is considered any unexcused absence and every subject teacher will follow up with parents/guardians and administration as they determine. Teachers will use a variety of strategies to work with students, administration, school support staff and parents/guardians to promote regular attendance.

SIGNING OUT/SIGNING IN:

There is no need for students to sign out if they are leaving just for lunch, but all students must sign out in the Main Office before leaving the building for any kind of appointment or illness even if this happens over the lunch hour. Students are expected to either be in class or have reported to the Main Office. Students who signed out must sign back in before returning to class the same day. After you sign out, you should not be on school property. A call from a parent/guardian is required to explain the absence upon returning to school.

ILL OR INJURED DURING THE SCHOOL DAY:

The student must report to the Main Office/Vice-Principal. If it is necessary to go home, a note for this absence must be given to the subject teacher(s) when the student returns.

CONCUSSION:

Students who have sustained a concussion or may have sustained a concussion must see a physician

or nurse practitioner and complete the concussion forms that will be provided in the main office. Students should follow the guidance of medical professionals as to their ability to participate in academics and activities at school and the school will make all necessary accommodations to support students with their return to school.

SENT FROM CLASS:

Students sent out of class must report to the main office immediately. When a student is sent out of class, the teacher will notify the office that the student has been sent and what the circumstances are for the referral, so the Administrative Office Assistant to the Vice-Principal can notify the appropriate Vice-Principal. The student will not be sent back to class until the discipline situation has been thoroughly discussed with the subject teacher. Failure to report to the main office may result in additional consequences.

ADULT STUDENTS:

While students 18 years of age and older have some of the responsibilities and rights of an adult in Ontario law, it is strongly encouraged that these students consult and inform their parents about all school-related matters.

COURSE COMMITMENT:

Courses should be selected with diploma requirements and career plans in mind. It is every student's responsibility to fulfill course requirements outlined by the subject teacher. A student may be removed from a course if the student is unable to meet the demands of the course, or if attendance is unsatisfactory.

WAITLISTS AND TAKING A COURSE AGAIN:

Classes have a maximum number of students who can be enrolled. When a class reaches its capacity, a waitlist will be created and students will be placed in the class when a vacancy arises in the order they are on the list. A priority will be given to students who are taking the course for the first time and/or who require the credit to achieve their diploma. Students should be careful in selecting courses and putting forth their best effort in each class to ensure they meet specific requirements for post-secondary pathways. Meeting with a Guidance Counsellor and utilizing the Individual Pathways Planner will assist students in making correct choices and receiving support when they are struggling to meet academic goals.

INSURANCE:

Early in the year, students will be given information forms from the Reliable Life Insurance Company. If students wish to purchase insurance, they should return applications and cheques directly to the company. Purchase of this insurance is highly recommended.

LUNCH PERIOD/CAFETERIA:

Students may use the cafeteria during the lunch hour. Students are asked to clean up after themselves after eating and to stack the chairs when the bell sounds to return to class. Students are also able to eat in the halls and outdoors during the lunch period.

ONTARIO SCHOOL RECORDS (O.S.R.):

Folders containing Ontario School Records are on file in the Guidance Office. The O.S.R. contains information such as attendance records, report cards, and successful credits. Parents and students may request an appointment to review the contents of the O.S.R. at any time with a Guidance Counsellor.

FIELD TRIPS:

Field trips are integral parts of some courses as outlined in the Course Calendar. Students who choose to register for the course are obligated to take part in the field trip or make other arrangements with the classroom teacher when unable to participate.

FIRE ALARMS:

When a fire alarm sounds, move directly to the appropriate exit as designated by a sign in each room. Move a safe distance away from the school. Tampering with an alarm system is a criminal offence and violators could be subject to a fine of \$1,000 and/or six months in jail.

STUDY PERIOD:

Senior students who are not scheduled into class are granted the privilege of having a study period to use in some positive manner. Junior students (in grades nine to ten) are required to take a full timetable. Students who do have a study period are asked to sign into the library or to remain off property until their scheduled class.

GOOD NEIGHBOR POLICY:

The Guelph Collegiate neighbours are proud of their neighbourhood and of this school. Using lawns as pathways, discarding butts and leaving garbage behind shows disrespect for our neighbours. Students must remember that these taxpayers support many of our activities and deserve to live in a clean, uncluttered area.

PARKING:

There is absolutely no student parking of motorized vehicles on school property. Students using these lots run the risk of having their cars ticketed or towed away at the student's expense. It should also be noted that there are time limits for cars parked on some streets around the school. Students are discouraged from driving a vehicle to school. Parents/guardians are asked to not enter the parking lot to drop off students. Please park on an adjacent street so that the student is able to walk safely to the building.

SKATEBOARDS & ROLLERBLADES:

The Upper Grand District School Board prohibits the use of skateboards on school property. The use of rollerblades and skateboarding is not permitted in the building.

TOBACCO/VAPOURIZING/E-CIGARETTES/ANY SMOKE/VAPOUR PRODUCING DEVICES:

- i) SMOKING IS NOT PERMITTED ON SCHOOL PROPERTY. The school boundary is defined as the inside edge of the sidewalks surrounding the school. Students violating the non-smoking policy will be fined by the High School Resource Officer. The current fine is \$305.00. Cigarettes, vapour or e-cigarettes cannot be openly displayed in the school at any time.
- ii) Chewing tobacco is also prohibited on school property and on field trips, it can also not be displayed in the school at any time.

SNOWBALL THROWING, WATER BALLOONS, ETC.:

In order to protect the safety and property of others, students will not throw items such as snowballs and water balloons. Water pistols and other such devices are not permitted on school property. Disciplinary action will be taken against students who do not abide by this rule.

GAMBLING:

Gambling is not allowed on G.C.V.I. property. Any gambling markers of any kind must not be used or they will be confiscated.

SUSPENSION:

When suspended from school, a student may not be in the school or on school property at any time during the suspension. Students who return to school property while under suspension will be subject to trespassing charges. A copy of the letter of suspension is kept in the student's O.S.R. The student is responsible for informing the Vice-Principal, prior to leaving the office, of any assessments or evaluations during the suspension. If any essay or project is due during the time of the suspension, the student must arrange to have it handed in on time.

SCHOOL CALENDAR, OPTION SHEETS, COURSE SELECTION:

In February calendars will be posted on the G.C.V.I. website for students. This calendar lists complete diploma requirements and describes all courses offered by the school. After consultation with counsellors, parents and teachers, students will complete option sheets for the following school year and make their course selections online. Students must select their choices carefully since their selections determine the number of classes and courses that will be offered. Changes to these selections may not be accompanied once time tables and staffing has been completed.

TIMETABLE CHANGE:

Students should make timetable changes only after careful consideration. Students must attend classes listed on their timetable until a change is made by the Guidance Department. Timetable changes should be made prior to the start of each semester of the school year.

VISITORS TO THE SCHOOL & TRESPASS TO PROPERTY ACT:

All visitors to the school must sign in at the main office. A person who does not leave the property immediately after being told to do so by a school official is guilty of trespassing and is liable for a trespass charge and a fine.

UPPER GRAND DISTRICT SCHOOL BOARD POLICIES:

ACADEMIC INTEGRITY POLICY:

The Guelph Collegiate-Vocational Institute requires students to demonstrate honesty and integrity in their academic work. Educating the school community on academic integrity and ensuring this principle is an inherent part of school culture allows for fair assessment that reflects the genuine achievement level of each student. This, in turn, supports the teaching and learning process. When we practice academic integrity, we are being principled and reflective learners. Maintaining academic integrity is a shared responsibility between GCVI administration and staff, students and parents/guardians, as outlined below.

Further to this policy, students in the International Baccalaureate Diploma Programme are expected to follow the [International Baccalaureate Academic Integrity Policy](#).

The implementation of this policy is the responsibility of the school administration or designate. It is available on the school website and posted to the IB google classroom. The policy will be reviewed on a yearly basis.

INSTANCES OF ACADEMIC MISCONDUCT:

Cheating on assessments/evaluations is defined as completing an assessment in a dishonest way that gives the student an unfair academic advantage. Examples include, but are not limited to: taking unauthorized material into an assessment, using an unauthorized calculator, receiving/sending an electronic message to another student with test questions/answers, reading another student's answer during an assessment, sharing details of an assessment with another student who has yet to complete the assessment, etc.

Plagiarism is defined as the unauthorized use of or close imitation of, the language and thoughts of another author (including another student) and the representation of them as one's own original work. Examples include, but are not limited to: copying another student's project (portions or in its entirety), copying an essay found on the internet (portions or in its entirety), paraphrasing parts of a book or article

without reference or citation and using other artists' images/artworks, or pieces of music as your own original work.

Peer Plagiarism is defined as the lending of work by one student to another which allows for their work to be copied.

Collusion is defined as students working collaboratively and submitting similar and/or identical work when the requirement is for students to submit final work that has been produced independently. Teachers may require students to collaborate (for example, they may work together to gather data or research a topic), the final independent work being assessed must be written in the candidate's own words.

Duplication of work occurs when the same work is presented for different assessment components and/or diploma requirements.

Fabrication of data occurs when a candidate does not use authentic data but instead produces false data to be used in an assignment.

Submitting work commissioned, edited by, or obtained from a third party is defined as submitting work that was heavily edited by a third party to circumnavigate the rules on teacher support or when a student submits work that was entirely produced or edited by a third party. An example of this is a parent or tutor editing the student's work beyond what is permissible and the use of A.I. generated or revised work.

To ensure that work submitted is the student's original work:

STUDENTS WILL:	TEACHERS WILL:	PARENTS WILL:
<ul style="list-style-type: none"> ● use only authorized materials during assessments (no cheat sheets or looking at other students' work); ● refrain from submitting assessments used in one course for another; ● ask specific questions to clarify their understanding of citation and referencing; ● understand the difference between paraphrasing and developing their own ideas; ● provide evidence of rough drafts and edited work; ● use the support and resources provided by the P.G. Reid Library Learning Commons; ● use the support of Special Education (where appropriate) ● not give their work or 	<ul style="list-style-type: none"> ● remind students that incidents of academic dishonesty could result in an academic consequence for a portion of, or their entire assessment; ● set clear expectations for citation and referencing appropriate to subject discipline and grade; ● require students to submit outlines, rough drafts, partially finished work throughout the assessment process and include these artifacts in meaningful feedback loops. ● increase the use of observations and conversations. ● provide explicit teaching of citation and referencing (from grade 9 to 12) and consider having 	<ul style="list-style-type: none"> ● support their children in planning a manageable workload so they can allocate time effectively; ● abstain from completing the work for their children; ● support their children's understanding of academic honesty policies, procedures and subject guidelines.

INVESTIGATING ACADEMIC MISCONDUCT:

GCVI staff believe in preventing malpractice through education and teacher modeling. In the unfortunate event that academic dishonesty does occur, the following actions will be taken.

If the student submits an assessment where academic misconduct is suspected or proven:

Teachers:	Teachers will consider the four mitigating factors:
------------------	--

<ul style="list-style-type: none"> ● Will explain to the student the evidence found that constitutes cheating; ● May ask the student to reflect on their academic honesty to determine what can be done differently in the future so they can successfully complete assignments; ● May ask the student to complete an alternative assessment, possibly in a timed and supervised setting; re-do the original assessment with proper citation; participate in an academic honesty tutorial in the P.G. Reid Library Learning Commons; ● If the act of academic dishonesty puts the student at risk for the credit, the student may be required to submit additional evaluation material to demonstrate the learning or repeat the course through alternative programs for successful credit completion (summer school, credit recovery, independent learning, etc.). 	<ol style="list-style-type: none"> 1. Maturity of the student; 2. Individual circumstances of the student; 3. Grade level of the student; 4. Number and frequency of incidents. <p>UGDSB Assessment and Evaluation Procedures Manual 606-A, Section 6.2.7</p> <hr/> <p>After considering the four mitigating factors, teachers will, in their professional judgment:</p> <ul style="list-style-type: none"> ● Contact parents/legal guardian of the student; ● Document the incident in the Student Information System ● Refer the student to the School Administrative Team and IB DP Coordinator if the in the Diploma Programme; ● Ask the student to complete an alternative assessment; ● Assign a zero for a portion of or the entire assessment (in consultation with the administrative team if a zero is being given for a major evaluation). ● Assign a zero as a placeholder until the student is able to demonstrate their learning
---	---

APPEAL PROCESS AT GCVI:

A student may request to appear before an examining board of the Vice-Principal and two teachers as appointed by the Principal to review the alleged offenses. A student may request the presence of a parent or peer. The examining board will decide whether the academic dishonesty was:

- Committed unintentionally
- Committed intentionally
- Not committed

The decision of the examining board is final.

Investigating Academic Dishonesty regarding an IB DP Assessment:

In the case that academic dishonesty is identified after an IB assessment piece is submitted to the IBO, the IB DP Coordinator will report to the IBO and an investigation conducted by the IBO will follow. IBO’s final award committee will review each case regarding suspected malpractice and then decide whether to either uphold or dismiss the allegation.

For complete documentation, including investigation procedures, offenses and their penalties, please refer to Appendix 2: Student academic misconduct found in the IBO’s [Academic Integrity Policy](#).

ASSIGNMENTS:

Students are expected to complete all assessments and evaluations in each course on the scheduled date. If a student is absent on the date of any assessments or evaluations, a parent/guardian must advise the teacher before that day or on the day, by way of a telephone call. If no notification is received, the student may be assigned a zero. When a phone call notification of absence is received, the teacher is to confirm alternative arrangements. If a student is absent because of a school-sponsored activity, they may complete the assessment or evaluation (or an alternative) at a pre-arranged time that is convenient for the teacher. If a student is absent the day an assignment must be handed in, it is their responsibility to see that the assignment is delivered to the teacher either directly or through the main office in order to avoid a late.

Missed and/or incomplete summative evaluations could have an impact on the final grade in cases where there is insufficient evidence to determine a grade. Missed and/or incomplete formative or summative activities could have an impact on the final grade where there are a significant number of curriculum expectations that have not been assessed. If any component of a final evaluation is not completed, a zero may be assigned for that component and calculated into the final grade. Students are expected to comply with all evaluation due dates. Late submissions will be recorded in the learning skills.

EVALUATIONS:

It is a student's responsibility to be at school to write all evaluations. If a student is absent for a test or presentation, the teacher is to be notified before or on the day of the test by a phone call to the school from a parent/guardian. It is preferable that arrangements to write the evaluation are made prior to the absence but if unavoidable (due to illness or family emergency), arrangements should be made in consultation with the teacher as soon as possible.

REVIEW WEEK/QUIET WEEK:

To facilitate student success during the completion of course evaluations that can be up to 30%, schools will implement Review Week and Quiet Week.

Review Week: during the second week prior to the Final Evaluation Week, there should be minimal excused absences from classes due to trips, athletics, and special events. Principal/Vice Principal approval must be sought for exemptions. Term evaluations will not be scheduled beyond this week and all term work should be submitted by the end of this week in order to allow students preparation time for focusing on their culminating tasks.

Quiet Week: during the week prior to the Final Evaluation week there will be no trips, no athletics, and no productions. No term evaluations will occur during this week.

Please do not schedule trips, vacations or appointments during the Study/Moratorium weeks or final evaluation week

FINAL EVALUATIONS:

Final Evaluations will be given during the last week of the course. Final Evaluations (exams, projects, summative assignments/demonstrations) must be completed at the scheduled time and place. All

students are expected to complete final evaluations. Missed Final Evaluations will result in a conversation with the teacher and administrator to determine next steps. A doctor's certificate may be required by the Vice Principal in some circumstances.

Please do not schedule appointments, vacations, employment, training or recreational activities during final evaluations. The school will not be able to accommodate requests to move final evaluations for non-emergency situations.

FINAL EVALUATIONS AND INCLEMENT WEATHER:

If the Guelph city buses or the Upper Grand District School Board (U.G.D.S.B.) school buses are canceled, the entire day's block of exams will be moved to the next day. CJOY 1460 am radio and Magic 106.1 FM radio transmit all busing information during inclement weather days. School bus information will also be posted on the U.G.D.S.B. website at www.ugdsb.on.ca.

QUALIFICATION FOR CREDIT:

To achieve a credit, a student must have a passing mark (a minimum of 50%) and must also demonstrate achievement of the expectations of the course and complete all major assignments as defined by the course information sheets handed out during the first week of classes. This is achieved through the triangulation of data (products, conversations and observations) in a course. Students cannot earn more than one credit in the same course. However, courses may be taken more than once to upgrade marks.

AWARDS, PRIZES AND SCHOLARSHIPS:

Recognition of student achievement is given at the Annual Commencement exercises, at the end of the year and at the Awards Assembly in June. Further information is available upon request in the Guidance Office. Scholarships are not to be confused with bursaries. Scholarships are awarded for academic valour. Other criteria are considered for example outstanding leadership, community volunteer and exceptional athletic ability. In-school scholarships are evaluated by the scholarship committee. Students are encouraged to complete the scholarship application form which is disseminated in early June. Out of school scholarships can be applied for through scholarship.com. You can also have your parents check out their human resources at work since some companies offer scholarships to their employee's children.

Bursaries are based on financial need. Remember that financial need is based on parents' combined income. Often financial statements are required for bursary applications. The same process as for applying for out of school scholarships applies to bursaries.

STUDENT PROGRAMS AND GUIDANCE:

Guidance Counselling is available to students through individual requests. Appointment slips are located online on the Guidance Website. Students may request to see a guidance counselor to discuss classroom progress, timetable changes, educational plans, career choices, community involvement, Coop Application, Dual Credits and Applications. They may also seek support from a Guidance Counsellor for problems of a personal nature.

CO-CURRICULAR ACTIVITIES:

The staff of The Guelph Collegiate encourages all students to become involved in the co-curricular activities offered by the school.

In all cases, the staff have the responsibility and the right to withdraw the privilege of participating in co-curricular activities from students who are:

- not attending classes on a regular basis;
- who are not making an effort to be successful in courses;
- who are not submitting required assignments;
- who have discipline problems; etc.

Individual teachers, in cooperation with the staff advisor/coach, parent and a school Administrator will determine appropriate action to be taken after consultation about the situation.
