Election Procedures

A person is qualified to vote in an election of Executive Members to the School Council if they are a parent of a student enrolled in the school.

Elections and appointments will be held at the first School Council meeting of the year. This meeting will be held within 30 days of the first day of school. Information regarding the election (i.e., process, procedures, dates, time lines) will be sent to parents by the Principal during the first fourteen days of the school year. This information can be shared with parents/guardians via email in the regular school update to families, posted on the School Council page of the website and/or posted in the school in a location that is accessible to families.

Parents and guardians will make up the majority of the School Council members. If the number of candidates is less than or equal to the number of positions, the candidates shall be acclaimed. Voting, if required, will be conducted by secret ballot. Parents/guardians present at the meeting will vote by secret ballot and the outcome shall be determined by majority (50% +1) of voters.

The term of office for Executive Member positions is one year.

The names of the new School Council members will be shared with the school community on the School Council webpage of the school website within thirty days of the election, as are the dates, times, and locations of future meetings.

Filling Vacancies

Should an elected parent/guardian School Council position become vacant before the next election, the Co-Chairs and Principal shall fill the vacancy by appointment from the non-elected candidates from the previous election.

If none of the previous candidates remains interested in filling the vacancy, the School Council may request that interested candidates from the school community submit their names for consideration. The Co-Chairs and Principal shall then appoint one of the individuals who has indicated interest.

When a vacant position on the School Council is filled, the new member's term shall expire at the time of the next election.

The school community shall be informed that the vacancy has been filled and by whom, via regular means of communication (e.g., School Council Meeting Minutes, School Council page on the school website, etc.).

Conflict of Interest

Each School Council member shall avoid situations that could result in an inconsistency between the overall goals and vision of the School Council and a personal or vested interest that arise in connection with their duties as a School Council member. Should an issue or agenda item arise during a School Council meeting where a School Council member is in a conflict of interest situation, they shall declare a conflict of interest immediately and decline from the discussion and resolution.

Conflict Resolution Process

The School Council supports the consensus model for reaching important decisions. Consensus is a form of group decision making based on the willingness to consent and support, rather than having a winning and losing side by voting. Consensus is reached when all members of the School Council are willing to accept and support an idea or concept as the best choice for students. It allows ownership of ideas by all School Council members.

Every Executive School Council member shall be given an opportunity to express their opinion about the issue at dispute. Parent members shall also be provided with the opportunity to express their opinion.

Speakers to an issue will maintain a calm and respectful tone at all times.

The Co-Chair's responsibility is to clarify the statements made by all speakers, to identify common ground among the points of view raised and to set out the joint interests of all members.

If no common ground can be identified, the Co-Chairs will seek to clarify the preferences among all registered members prior to proceeding. A vote could be called at this point. Each Executive School Council member and General Parent member present at the meeting shall have one vote in votes taken by the School Council or in committees of the School Council. The Principal and Vice-Principal are not entitled to vote in votes taken by the School Council or a School Council Committee.

If all attempts to resolve the conflict have been exhausted without success, the Co-Chair shall request the intervention of a Superintendent or other senior administrator, via the Principal, to facilitate a resolution to the conflict.
