When responding to a bullying incident, our school staff uses a progressive discipline approach. Strategies may range from early intervention to more intensive intervention in cases of persistent bullying, with possible referral to board support personnel, community or social service agencies.

These may include but are not limited to:

- character development strategies and programs;
- providing students with the opportunity to learn life skills such as conflict resolution, anger management and communication skills;
- collaborative problem solving;

- utilizing models based on the concepts of peer mediation;
- documenting incidents requiring disciplinary measures;
- use of progressive discipline;
- consideration of mitigating factors;
- ensuring that contact is made with the parent(s)/guardian(s) of students, under the age of 18, early in the disciplinary process and involving them in a plan to improve the behavior;
- CYC support
- referral to outside agencies (e.g., CMHA, DCAFS)
- restorative justice practices (e.g., written or verbal apology, community service)

**Consequences are at the discretion of the Principal or Vice-Principal. In the case of severe misbehavior, our format of progressive discipline consequences may be superseded.** As incidents arise, it is recognized that each situation is unique. Mitigating circumstances will be considered for student age, frequency of incidents, nature and severity of incidents, student exceptionalities, extenuating circumstances, impact on the school climate.
