Dear parents and guardians,

RE: Terry Fox Run

For many years, Canadian school students have registered to take part in a coast to coast Terry Fox Run. John McCrae has proudly participated in this event since 2000, raising an incredible \$70,470.88 for this charity dedicated to further the cause of cancer research.

This is the 40th Anniversary of the Marathon of Hope. While this year's event might look a bit different, we will still be participating in a Terry Fox Run at John McCrae on Thursday and Friday, September 24th and 25th. (Please make sure your students are wearing appropriate shoes for running that day.) Classes will be completing a socially distanced circuit on our school property rather than the usual circuit we use and will unfortunately not be able to have any parent volunteers. However, due to the efforts to reduce the risk of transmission of COVID-19 in our schools, and to that end limit the number of occasions where funds and goods are changing hands, we will participate without the fundraising component. If you choose, you may, however, donate directly to the Terry Fox Foundation online using the following link:
<http://www.terryfox.ca/JohnMcCraePSGuelph> Online donating is easy and donors are receipted immediately.

Should you choose to order Terry Fox T-shirts or other 40th Anniversary merchandise, please use this link:
<https://shop.terryfox.org/collections/terry-fox-t-shirt> and have the items delivered directly to your home.

Thank you for your support!
