RE: Temporary closure of Wellington Street Trail

Dear Parents and Guardians,

The City of Guelph will be replacing damaged concrete at the entrance to the Wellington Street Trail. This construction project is a close out phase of the new asphalt trail project in Silvercreek Park; the project is located at the cross walk on Wellington Street that connects Raymond Street to Silvercreek Park. Construction is anticipated to occur next week between April 23rd and 26th. The trail and crosswalk will be closed for a few days during construction.

Please plan for alternate routes to school while construction works are being completed. The map below shows alternate route options:

During this construction, Transit StopID 6066 Wellington at Holliday eastbound will be closed; passengers are asked to use StopID 6079 Wellington at Dublin eastbound instead.

Sincerely,

Daniel Waters, Trails Technologist
