

Ken Danby Suggested School Supply List 2022-23

Dear Parents and Guardians,

We know some parents like to make school purchases ahead of time. Below you will find a suggested list of items that you may want to purchase when school supplies go on sale. Staff will have all necessary learning supplies available for students as needed.

All students: Backpacks will be kept on a coat hook or in a cubby. *Intermediate students can share a locker with a classmate.* Toys and games should be kept at home. Please open new packages ahead of time if it's too hard for your child to open, so there is less physical contact. If students bring their own small container of hand sanitizer it must be *unscented*.

Lunch: Students need to be able to open their containers independently, their prepackaged food independently, as this will help to limit multiple contact points with your child's personal items.
