

Does your child have an LD, ADD/ADHD or both? Here are some great resources to help you:

1. Work with your child to understand how they think and learn
2. Develop some strategies with your child to help them advocate for what they need to learn (technology, accommodations to the environment or learning tasks)

Other great online resources include:

The Learning Disabilities Association of Ontario, which has lots of good information on LD and ADD/ADHD issues, including topics about how to understand the IPRC and IEP, how to advocate for your child and topics related to specific LDs.

The Learning Disabilities Association of Wellington County connects to the Ontario chapter, but provides links and information about workshops and activities that are being held in Wellington.

Our school board has also worked hard to address the needs of LD and ADD/ADHD students by providing SEA equipment, Google Read and Write training and targeted reading programs to help LD students access the curriculum and develop key academic skills.

Connect with your child's teacher to discuss all the supports that are available to your child!
