Illusions of the day

The lion king calls a meeting and you have to cross a river infested with crocodiles. You have no materials that would help you get through the water. How do you get across? A rhino does not attend the meeting. Why?

Annie Jr.

If you're an Annie fan, you're in luck because right here at Primrose we're having our very own Annie production! Starring Avery Smith as Annie, James S AND Alejandro.A.B as Mr. Warbucks , Jennifer M. as the evil Ms. Hannigan, and just you wait to see the rest of our incredible cast. Look out because the show's coming sooner than you think! For any cast members out there, make sure to come to as many practices as possible because if you don't, the hard knock life is coming your way!

Speaking of the hard knock life, make sure your whole family gets their tickets as soon as possible! We've interviewed Gigi Wortley and Ashley Dickson which if you didn't already know are just some of our many talented cast members. We asked them about the 'orphan experience' and they said.... Gigi- "It is very nice, I love to be acting even if it is my first play ever. The cast is great and I love working with them."

Ashley says- "It's great! I got Duffy in this play, but there is one issue: LINES! I even got a line taken away!" We also asked Chloe Maclean how acting is in her perspective. Her response was.... "I love it, it's a great experience! Whether it's interacting with the cast or dancing or singing, oh I just love it all!" For me, Shelby, what I find interesting is that Chloe doesn't even have any lines or solos and yet she's not even complaining or anything! What a trouper! Well, that's it for now! Tune in next time to hear about the latest info.
