---

November 11, 2022

Dear Parents/Guardians,

At our community meeting held two weeks ago, we heard the need for regular communication. As a result, we are updating the community on a weekly basis, typically each Friday. The purpose of these communications is to provide any updates with regards to the well to be drilled for Primrose ES.

This week, we have secured the well drilling company and they are in the process of scheduling the work. We look forward to providing updates with timelines as soon as they become available.

We also heard the need to have a process to submit specific questions specific to the water situation. On Wednesday evening, School Council met at Primrose and created a 'Water Committee.' The newly formed committee will be made up of 8 parents. They will gather questions and forward to board staff to address in upcoming weekly water updates.

If you have any questions specific to the water situation, please forward to [primroseschoolcouncil@gmail.com](mailto:primroseschoolcouncil@gmail.com). Please include 'Water Committee' in the subject line.

We thank the Primrose community for their continued support!

Sincerely,

Belal Taha  
Superintendent of Education
