

With TVO Learn mPower, free, creative online games support the development of foundational Kindergarten – 6 math and STEM skills while fostering positive attitudes towards math in the classroom.

## Who we serve

- Ontario students (Kindergarten – 6) who are curious about the world around them
- Ontario educators who want to foster Kindergarten – 6 math in-class learning and help students feel confident about math

## Why choose TVO Learn mPower

Developed by the creators of award-winning TVOkids, TVO Learn mPower is:

- Learner-centred
- Assessment-driven
- Ontario curriculum-based
- A safe, advertising-free play space
- Free for all Ontarians†

## TVO Learn mPower games

- Lead students through creative age-appropriate games within worlds designed to develop and expand their cognitive development
- Help students practice the big ideas in Ontario's math, social studies, and science curriculums
- Track student progress and respond to learner needs
