The West Village Community Co-op is a community development charitable organization led by and for residents of Guelph's west end. Our vision is a thriving, inclusive and engaged community powered by co-operation and local leadership. As a co-operative organization we work together and strive to learn and empower ourselves.

We celebrate our diversity through a range of accessible spaces, programs, and activities for children and families. Our activities and events are always evolving to address our local community needs. We organize events like the Village Fall Fair, Recreation programs, supports like Back-to-School supplies, a Food Hub, Co-operative Community Garden, March Break & Summer Camp, and Community Tax Clinics. All of these activities help us build a healthy resilient community by providing opportunities to connect with each other and support our neighbours.

Our office is located in Portable #1 behind Westwood Public School and our programs are offered at various locations in west Guelph. *We encourage you to get involved in your Neighbourhood!*
