

On Monday, February 25th our school is taking the challenge to help kids Live Free from Hunger. Pledge cards will be given to the children and staff to write their live free promise.

All students and staff should think of something that they take for granted every day – and make a promise to give it up for the day. How about chocolate or using the computer? Challenge yourself to Live Free! On Friday, March 1st we will post our Live Free Promises on the wall outside each classroom.

On the Live Free postcard you receive home today, please read carefully and give what you can. There are lots of ways to donate listed on the postcard as well as a spot to tape a toonie to the card and return it to school to help kids live free from hunger. All the money donated remains at Victoria Terrace School to help fund the snack and lunch programs. The Live Free program ends on March 1st. Please know that you can donate online. Just go to www.livefreecampaign.ca - Wellington-Dufferin-Guelph and then DONATE and find Victoria Terrace Public School. If you have any questions please call the school office at 519-843-2720. Thank you for your generosity.
