IMPLEMENTATION OF THE SCHOOL'S CODE OF CONDUCT

Safe Schools Policy 503 (Student Discipline, Bullying Prevention and Intervention, Suspension and Expulsion) provides direction to the school Code of Conduct in order to support and maintain a positive school climate for all students, staff, and community. The school Code of Conduct supports the use of positive practices, including prevention and early intervention, as well as consequences for inappropriate behaviour. This includes Progressive Discipline, and suspension and expulsion where necessary. Before applying disciplinary measures, the discriminatory and disproportionate impacts of disciplinary decisions on students protected by the Human Rights Code shall be considered.

PROGRESSIVE DISCIPLINE

Progressive Discipline is a whole school approach that makes use of a continuum of prevention programs, interventions, supports, and consequences to promote positive behaviours. In developing a Progressive Discipline approach, preventative practices, corrective and supportive strategies are used to reinforce positive behaviours. These approaches build skills for healthy relationships and promote positive behaviours.

SPECIFIC PROGRESSIVE DISCIPLINE STRATEGIES FOR SCHOOL

These may include, but are not limited to:

- Student Success and Character Development strategies and programs
- providing students with the opportunity to learn life skills such as conflict resolution, anger management and communication skills
- utilizing models based on the concepts of peer mediation and/or peer counselling
- documenting incidents requiring disciplinary measures, and applying the mitigating factors
- being sensitive to unique circumstances which may affect student behaviour;
- ensuring that contact with the parent(s)/guardian(s) of students, under the age of eighteen, is made early in the disciplinary process
- maintaining contact with the parent(s)/guardian(s) and involving them in a plan to improve the behaviour until the behaviour is acceptable

As incidents arise, it is recognized that each situation is unique. Incidents are managed in a consistent manner to ensure that fairness is integral to the process, and that this fairness is perceived by all participants. Within this process, consideration for consequences will be given for: • student age • frequency of incidents • nature and severity of incidents • student exceptionalities • extenuating circumstances • impact on the school climate

CONSEQUENCES

The school will use a range of interventions, supports and consequences that include learning opportunities for reinforcing positive behaviour while helping students to make good choices.

In addressing inappropriate behaviour by students, schools will:

- utilize appropriate and consistent action to address inappropriate behaviours within the practice of Progressive Discipline

- ensure the degree of disciplinary action is in proportion to the severity of the behaviour exhibited, and that a student's previous history and other relevant factors are taken into account
- provide students with experience using conflict resolution, anger management and communication skills
- document incidents requiring disciplinary measures
- consider mitigating factors
- make contact with parents and guardians of students under the age of eighteen, or students over the age of 18 or those 16 or 17 years old who have withdrawn from parental control (adult students), early in the disciplinary process and involve them in a plan to improve the student's behaviour until the behaviour is acceptable; and/or
- utilize consequences such as short-term suspension, and respond as required with long-term suspension or expulsion

The application of consequences, supports and interventions are determined by the incident and the individual students involved. Consequences, supports and interventions used include and are not limited to:
