Dual Credit Opportunities - Students will earn both secondary credits toward their diploma, as well as college credits from the affiliated college. Local Dual Credits are available in the following areas: Police Foundations, Early Childhood Education, Lifestyle and Entrepreneurship and Cosmetology. See Mr. Sippel for more information.

Elearning: our school board is part of an elearning consortium where Westside students may be able to access courses that are not offered at our school. A list of courses available will be posted on the school's website as soon as it's available. These courses are semestered, and also have class size caps. Elearning requires students who are independent, excellent at time management, and who have strong problem solving skills. Students who are interested in elearning courses should see Mrs. Kirkland for more information.
