**Course Description:**  
 This course presents hairstyling, makeup and nail care techniques from a salon/spa perspective. Using materials, processes and techniques used in the industry, students learn fundamental skills in hairstyling, hair, scalp analysis and manicuring.

- Big Ideas (overall learning outcomes for the course):**
- Process is a journey
  - Things look unkempt before they look aesthetically pleasing
  - Practice improves performance

<b>Achievement Categories:</b> Student learning is assessed and evaluated with respect to the following four categories of knowledge and skills.	<b>Knowledge and Understanding: 25%</b>	<b>Thinking: 25%</b>
	<b>Communication: 25%</b>	<b>Application: 25%</b>

**Assessment and Evaluation:** Formative assessments are used to improve student learning by providing varied opportunities to demonstrate an understanding of course expectations in preparation for summative evaluations. Summative evaluations test groups of key expectations. Failure to complete a summative evaluation may result in the expectations of the course not being met and the credit not being granted.

**Late Policy:**  
 Students are expected to complete all assigned work and submit it by the teacher's established due date. Every attempt will be made to encourage students to complete all assigned work on time so their grade represents their actual achievement. For late and missed summative assessments, please see the *Westside Students' Contract for Missing Evidence of Learning*.

### Texts Fees and Materials

Cosmetology is an expensive program to operate. Basic materials and supplies are paid for through school budget and we aim to conserve, reuse and recycle as much as possible. In an effort to provide a true salon experience WSS would like to provide higher quality materials to our Cosmetology students. Due to this students can pay a course enhancement fee of \$100.00, which includes a mannequin head which the student will own and can be used all years that they are in this program. All course enhancement fees are asked to be paid **by the end of the second week of the course**. Payment options are available through [ugdsb.schoolcashonline.com](http://ugdsb.schoolcashonline.com). If course fees are not paid by this time, many extra options/opportunities in courses will not be available to students. Please come and speak to me if there are issues with course fees within the first few days of classes.

If you would like a used mannequin, you can purchase one on a first come first serve basis. The cost of a used mannequin is \$50. If you already have a mannequin, you are more than welcome to bring that to use.

### **Here is the breakdown of your options:**

New Mannequin	\$100.00
Used Mannequin	\$50.00
Bringing a Mannequin of your own	No cost
